Dear Al:

I am most appreciative of your letter of December 26th commending Special Agent [redacted]. I'm glad he was able to be of assistance in the DCI Security Committee's efforts to improve security throughout the Intelligence Community, and in particular, in connection with the development and maintenance of technical security to help the U. S. Capitol Police. Your recognition of his many contributions will be brought to his attention. I know he will be pleased by your kind comments and best wishes and will share my gratitude for your thoughtfulness in writing.

Sincerely,

William H. Webster  
Director
